WORK EXPERIENCE

Creator Acquisition (Outreach) at Memboro *Aug 21 - Present*
Memboro, Delhi India

- Memboro is a social media platform where content creators can strategize and monetize exclusive content and sell it on Memboro for their users.
- Built good public relations for the company, found new ways to contact influencers and content creators, and convinced them to join Memboro.

Co-Founder of Passious *Mar 22 - April 22*
Passious, Delhi India

- Passious is a platform for Entrepreneurs to build a good team, find domain experts and get notified for the startup events to help early stage startups and Ideators grow.
- Built good foundations for the startup and reviewed the development of Mobile Application and Website. Helped Strategizing the outreach and Marketing.

PROJECTS

Regression Models *Mar 22 - April 22*

- Found the relation between health indicators such as *percentage of children dimsed by fever* and data of agricultural conditions, GDP, tap water facilities for all districts of India.
- Cleaned and filtered huge data using **R**, and **MS-EXCEL** techniques. Found the relation using Regression models, visualized and analyzed the data relations using histograms.

Will Hero *Dec 2021*
Team size -2

- An Implementation of the existing game Will Hero for Windows using **Java**, **OOPS**, **JavaFX**, **CSS**

Working On

- We are creating a fully functional web application related to online buying and selling platform using **RDBMS (MYSQL SQL)**, **Frontend, and backend web development.**
